\*Nutritional information for beverages is calculated based on Starbucks standard recipes. Values are calculated using ESMA Genesis 860 SQL® software. Data is rounded to meet current U.S. FDA NLEA guidelines. Percentage data for sodium and dietary fiber refers to percentage of recommended U.S. Daily Values for a 2,000 calorie diet. Due to the handcrafted nature of these products, nutrient values may vary from those listed here. New product introductions, ingredient changes or recipe changes during the life of this publication may cause this information to be incomplete. Serving sizes may vary from those used to calculate nutrition information. If you have additional questions, please contact a customer care representative at 1-800-333-LATTE (1-800-235-2883).

\*\*Caffeine information is approximate and is based on limited analytical data. These values reflect Starbucks standard brewing methods. Values can vary greatly depending on many factors, including the variety of the coffee and the brewing equipment used. The handcrafted nature of our beverages may result in a variation from the reported values.

\*\*\*Our products are stored and processed in environments where known allergens exist.

\*Nutritional information for beverages is calculated based on Starbucks standard recipes. Values are calculated using ESMA Genesis 860 SQL® software. Data is rounded to meet current U.S. FDA NLEA guidelines. Percentage data for vitamins and minerals refers to percentage of recommended U.S. Daily Values for a 2,000 calorie diet. Due to the handcrafted nature of these products, nutrient values may vary from those published here. New product introductions, ingredient changes or recipe changes during the life of this publication may cause this information to be incomplete. Serving sizes may vary from those used to calculate nutrition information. If you have additional questions, please contact a customer care representative at 1-800-333-3371.

\*\*Caffeine information is approximate and is based on limited analytical data. These values reflect Starbucks standard brewing method. Values can vary greatly depending on many factors, including the variety of the coffee and the brewing equipment used. The handcrafted nature of our beverages may result in a variation from the reported values.

\*\*\*Our products are stored and processed in environments where known allergens exist.

\*Nutritional information for beverages is calculated based on Starbucks standard recipes. Values are calculated using ESMA Genesis 860 SQL\* software. Data is rounded to meet current U.S. FDA NLEA guidelines. Percentage data for sodium and minerals refers to percentage of recommended U.S. Daily Values for a 2,000 calorie diet. Due to the handcrafted nature of these products, nutrient values may vary from those quoted here. New product introductions, ingredient changes or recipe changes during the life of this publication may cause this information to be incomplete. Serving sizes may vary from those used to calculate nutrition information. If you have additional questions, please contact a customer care representative at 1-800-3LATTE (1-800-235-2883).

\*\*Caffeine information is approximate and is based on limited analytical data. These values reflect Starbucks standard brewing methods. Values can vary greatly depending on many factors, including the variety of the coffee and the brewing equipment used. The handcrafted nature of our beverages may result in a variation from the reported values.

\*\*\*Our products are stored and processed in environments where known allergens exist.

\*Nutritional information for beverages is calculated based on Starbucks standard recipes. Values are calculated using ESMA Genesis 860 SQL® software. Data is rounded to meet current U.S. FDA NLEA guidelines. Percentage data for vitamins and minerals refers to percentage of recommended U.S. Daily Values for a 2,000 calorie diet. Due to the handmade nature of these products, nutrient values may vary from those quoted here. New product introductions, ingredient changes or recipe changes during the life of this publication may cause this information to be incomplete. Serving sizes may vary from those used to calculate nutrition information. If you have additional questions, please contact a customer care representative at 1-800-333-TASTE (1-800-235-2883).

\*\*Caffeine information is approximate and is based on limited analytical data. These values reflect Starbucks standard brewing method. Values can vary greatly depending on many factors, including the variety of the coffee and the brewing equipment used. The handcrafted nature of our beverages may result in a variation from the reported values.

\*\*\*Our products are stored and processed in environments where known allergens exist.

\*Nutritional information for beverages is calculated based on Starbucks standard recipes. Values are calculated using ESMA Genesis 860 SQL® software. Data is rounded to meet current U.S. FDA NLEA guidelines. Percentage data for sodium and minerals refers to percentage of recommended U.S. Daily Values for a 2,000 calorie diet. Due to the handcrafted nature of these products, nutrient values may vary from those qualified here. New product introductions, ingredient changes or recipe changes during the life of this publication may cause this information to be incomplete. Serving sizes may vary from those used to calculate nutrition information. If you have additional questions, please contact a customer care representative at 1-800-3LATTE (1-800-235-2883).

\*\*Caffeine information is approximate and is based on limited analytical data. These values reflect Starbucks standard brewing methods. Values can vary greatly depending on many factors, including the variety of the coffee and the brewing equipment used. The handcrafted nature of our beverages may result in a variation from the reported values.

\*\*\*Our products are stored and processed in environments where known allergens exist.

\*Nutritional information for beverages is calculated based on Starbucks standard recipes. Values are calculated using ESHA Genesis 8.60 SQL® software. Data is rounded to meet current U.S. FDA NLEA guidelines. Percentage data for vitamins and minerals refers to percentage of recommended U.S. Daily Values for a 2,000 calorie diet. Data is the standardized nature of these products, nutrient values may vary from those qualified here. New product introductions, ingredient changes or recipe changes during the life of this publication may cause this information to be incomplete. Serving sizes may vary from those used to calculate nutrition information. If you have additional questions, please contact a customer care representative at 1-800-333-LATTE (1-800-235-2883).

\*\*Caffeine information is approximate and is based on limited analytical data. These values reflect Starbucks standard brewing methods. Values can vary greatly depending on many factors, including the variety of the coffee and the brewing equipment used. The standardized nature of our beverages may result in a variation from the reported values.
