\* Nutrition information for beverages is calculated based on Starbucks standard recipes. Whole milk is based on 3.5% milk fat, this may differ slightly from milks in your region. Because our beverages are handcrafted and may be customized, exact information may vary. New product introduction, ingredient changes or recipe changes during the life of this publication may cause this information to be incomplete.

\*\* Caffeine information is approximate. These values reflect Starbucks standard brewing methods. Values can vary greatly based on the variety of the coffee and the brewing equipment used. The handcrafted nature of our beverages may result in a variation from the reported values.
